Information

Less Mystery, more Machine. TV on your terms.

Never be limited by what you can watch and when - the Boxee Box makes it easy to choose the TV shows you want to watch, and most importantly, the ones you want to pay for. And with over 40,000 TV episodes from your favorite networks instantly available - that's a lot to choose from. The Office, Family Guy, Entourage, True Blood - If we can't find it for free, the Boxee Box will connect you with premium options who can, instantly. Get tons of free stuff, and never pay for the stuff you don't want to watch. Easy.

Give Your Wallet A Break

Think about it: your cable bill is probably about \$80 or more per month. You get 500 channels - some are great, most have a ton of commercials, and you only watch a handful of them. The Boxee Box model is simple: Buy the Boxee Box once, and get instant access to all the entertainment the web has to offer, forever. No rules. No contracts. No monthly fees. If we can't find it for free, the Boxee Box connects you with premium options that can, instantly. Man, we should've started doing this years ago.

Incredible Selection of Movies in Stunning HD.

Get instant access to a huge library of streaming movies from across the Internet. With the Boxee Box, you get Hollywood hits, access to Indies and critically acclaimed films from like MUBI and

Openfilm. And you get it all on your HDTV in stunning 1080p* and Dolby Surround Sound. Play, pause and rewind anytime with our remote - just like a DVD. The Boxee Box even arranges your movie collection with cover art, complete with descriptions and user ratings and lets you recommend the movies you love to your friends. Go ahead, invite them over and don't forget the popcorn - the Internet is on, and it's glorious.

See What Your Friends Are Watching.

One of the greatest things about the Boxee Box is that if you can't find something to watch - you've got your friends to turn to. Stop watching the same stuff over and over - with the Boxee Box, your friends can see what you've been watching and give fresh recommendations from Facebook, Twitter, and the Boxee network. And it goes both ways - if its on Boxee and you like it, you can recommend it to anyone - TV shows, amateur youtube videos, movies , with the Boxee Box - you're pretty much free to be that guy: recommend anything you've ever watched to everyone.

Unlimited Web-only videos and content. Your TV Can Haz Internets.

Funny or Die, College Humor, MTV, Digg - if you can watch it on your computer's internet browser you can watch it on the Boxee Box, only better. Our web browser is similar to IE or Safari, but optimized to work with a QWERTY remote and your HDTV, seamlessly. University courses, panel discussions, TED Talks, Current TV, Stanford Online, FORA.tv, whatever - the Boxee Box delivers all your favorite web-videos and web-only content, no matter how obscure they may be, straight to your TV set. Leave the laptop out of bed at night, and leave the keyboard and mouse on your desk. Get lost in Internetland. It just got easier, and comfortabler.

Say goodbye to files and folders. Say hello to Boxee.

Not only does the Boxee Box give you access to thousands of TV shows and movies from all over the Internet, it takes your personal video, picture and music files from your hard drive and home network somewhere they've never been - your HDTV, and makes them easier to sort through than ever. MP3, MP4, .jpeg, .avi, .mkv - the Boxee Box works with virtually any filetype - if you can create it, the Boxee Box will play and organize it. Automatically download all relevant artwork and info and simplify all your digital stuff with big, colorful thumbnail photos in a TV-friendly interface you can access with a remote. You're friends will be impressed, or jealous. Probably jealous.

Tailored to Your Couch.

The Internet gives you the freedom to watch what you want, and the power to choose what you want to

pay for. It's awesome. What's not awesome about the internet: no big screen, no HD, no home theater experience, no easy interface designed to sift through the mountains of TV shows, Movies, and content available online. And the real killer: no remote. If only there was a little box that brought the freedom of the Internet to your HDTV in stunning 1080p, Dolby Surround Sound, and had a slick interface to simplify everything and - wait for it, a remote to put it all at the tips of your fingers. Too bad nobody has thought of that yet. Oh wait, we did. Haha! Ahem - The Boxee Box, by D-Link, featuring our ingenious two-faced remote. Say goodbye to hunting and pecking for letters on screen, the Boxee Box remote comes with a full QWERTY keypad - as soon as you start typing Boxee Box's autosearch function starts finding.

Setup? No Biggie!

Setting up your Boxee Box is a cinch. Plug your Boxee Box into the wall, connect it to your TV's HDMI input and turn your Boxee Box on. Oh, please turn on your TV too, thanks. Make sure your TV is getting the signal from the correct HDMI input - if it is, you'll see Boxee smiling at you :). Grab the remote and follow the on-screen instructions - that's it! The Boxee Box will automatically configure your internet connection, tune itself to your home entertainment system, and get you up and running in a flash. Already a Boxee user? Schweet!! The Boxee Box will automatically import your account. No Biggie!!

Try Boxee Now

Unsure about spending \$200 on a box you've never used? Download the Boxee Box's software (aka Boxee) for free, and try it out before you buy. It only takes a minute to register and the download is absolutely free. Already a Boxee user? Awesome! Since its launch, well over one million people have downloaded Boxee onto their computers. When you're ready to shift the Boxee experience from your PC to your HDTV, the Boxee Box by Dlink will automatically import your account - making your favorite TV shows, movies apps, and shortcuts instantly available. Booyah.
